OPPOSES EXPANSION.

Andrew Carnegie Says It Will Retard Business.

BARBARIANS ARE NOT CUSTOMERS.

Civilized People Consumers of Our Products—Philippines Have a Certain Trade, Which Cannot Be Increased—Would Need Big Armament.

NEW YORK, Oct. 21.—Andrew Carnegie, back from Europe, said in part in an interview:

"If the United States is going to undertake the government of the Philippines and go in for expansion throughout the world, putting her hand in the hornet's nest of European rivalry, there can be no prosperous business. We shall be subject to wars and war's alarms.

"We shall be compelled to increase our navy. We must pay for a large standing army, and there is neither rest nor security for us.

"You do not think that territorial expansion will bring expansion in trade?"

"No, not by any means. The development of one state in the Union in peace and security will outweigh all the increase of profit we can get from foreign trade in any of the worthless possessions which we can attempt now to take. The Philippines have a certain trade which cannot be greatly increased; the wants of the people are few; barbarians are no customers, civilized people are the consumers of our products."

Well authenticated reports have reached here of a terrible state of anarchy in the Southern Philippines. The Spaniards there are cooped up in the principal towns.

The Americans continue capturing the rebel vessels as they arrive at Cavite. Two have been captured this week.

PARIS, Oct. 21.—The Spanish peace commissioners had not yet received from Madrid either instructions or permission to bid adieu to Cuban sovereignty without further seeking to attach to this sovereignty some condition providing for the assumption of the Cuban debt by the United States.

If they are as present disposed and instructed the Spaniards will not, at today's meeting, recognize affirmatively the United States' position and will stop on the point of results. The Americans may deliver an ultimatum.

London Morning Papers Cool Down on Fashoda Affair—French Commercial Men Against War.

LONDON, Oct. 21.—The London morning papers have cooled down to an exceedingly cautious and conservative tone in dealing with the Fashoda question, apparently realizing that the public on both sides of the channel is heated to the danger point.

PARIS, Oct. 21.—M. Delcasse, minister of foreign affairs, has ordered that the report of Major Marchand, as to the situation at Fashoda, which is expected at Cairo, be telegraphed textually.

SELECTED BISHOPS.

A resolution was adopted thanking England for her sympathy to the United States during the recent war.

By unanimous vote the house adopted a resolution fixing Tuesday next, Oct. 25, as the day of final adjournment, the closing exercises to occur at 8 p. m.

The report to the house of deputies of the committee on the state of the church showed progress and healthy activity in the main, for the past three years, but the report frankly pointed out retrogression in some respects and falling off in the percentage of contributions for certain objects. The total contributions of the last three years for all purposes reached \$31,541,178. There has been an increase of bishops from 70 to 83; of clergymen from 4,022 to 4,380. The number of baptisms has been 192,725; confirmations, 134,741; communicants, 681,645. The present church sittings are 1,088,901.

The committee on the world's league reported that they had communicated with the heads of the league in five different countries on the subject of a world's league. The Lutheran bishop of Sweden threw cold water on the project, so far as Sweden was concerned.

It was suggested that a delegation of 15 Lutherans be selected to go to Europe to interest Lutherans in the different countries on the subject of a world's league.

The test will be made by A. Velez Alvarado, who has lived in this city for ten years. He will apply for registration, and on being refused, which he expects, will apply to the court for an order compelling the election officers to enroll his name. As the case is one which will undoubtedly be carried to the higher courts if Mr. Alvarado persists in asserting his alleged right, it is unlikely the question will be determined before election day.

Colonel Letcher Hardin of the Sixth Missouri complained that the grounds of the Third division hospital had not been well kept.

Dr. Alexander Kent, pastor of the People's church at Washington, and field agent at Jacksonville for the Red Cross, said he had been received very cordially by the army surgeons and he had co-operated with them. He spoke of shortness of things needed at the Second division hospital. He had undertaken to supply the deficiency and had distributed two carloads of the necessary delicacies.

"It seemed," he said, "as if the hospital was arranged upon a smaller scale than was demanded and as a consequence there was a constant demand upon the Red Cross to supply the deficiency."

Others also testified, among them Lieutenant Colonel Vifquam of the Third Nebraska, who thought the clothing better than during the Civil war, but rations not so good.

SANTIAGO NAVAL FIGHT.

Naval Board Reported Whereabouts of Some of the Vessels When Colon Surrendered.

WASHINGTON, Oct. 21.—The report of the Wainwright board, convened for the purpose of determining the positions and courses of the ships engaged in the action at Santiago July 3, has been made public.

The report is lengthy and in naval parlance and hard to understand. The positions of the American vessels that followed the Colon when she surrendered, is given in part as follows:

Position No. 7.—1:15 p. m.—The Colon surrendered. In the two hours and ten minutes from the last position given the vessels had coursed westward a great distance. The Colon had run 26½ miles and was off the Tarquino river. The Brooklyn was the nearest American vessel. She had sailed 28½ miles and was 3.4-10 miles from the Colon. The Oregon was 4½ miles from the Colon, and more inshore than the Brooklyn. The Texas was 3.4-10 miles behind the Oregon. The New York was 9½ miles from the Colon. No other vessels had come up, save the Vixen, which was abreast of the New York. This little vessel in the beginning of the fight steamed out to sea and sailed westward on a course about 2¼ miles from that of the nearest Spanish ships.

TAYLER'S WAR RECORD

What the Brainy Congressman
Has Done.

STOOD BY HIS CONSTITUENTS

On Every Measure of Importance He
Faithfully Performed His Duty as a
Republican, and His Position Has Always
Been Plain.

The Youngstown Telegram reviews
the record of R. W. Tayler, and editor-
ially says:

"Congressman Robert W. Tayler did
some notable voting while a member of
the Fifty-fifth congress, the one which
'died' a short time ago, the 'war con-
gress of 1893.'

"Congressman Tayler voted against
the free silver Teller resolution of Janu-
ary 31, just as he pledged his Eighteenth
district constituents he would.

"Just the summer before he voted for
and helped pass the Dingley protective
tariff law, just as he promised his
Eighteenth district constituents he
would.

"He voted for the patriotic measure
placing \$50,000,000 in the hands of Pres-
ident McKinley with which to prepare
for war only a few days before the for-
mal declaration of war.

"He voted to pass the war revenue
bill, by which the government received
enough money to carry to its brilliant
conclusion the war against Spain and
for the freedom of Cuba.

"He has rendered every possible serv-
ice to the returned sick soldiers to alle-
viate their distress and get them home
on furloughs.

"Isn't that a pretty good war record,
although he did not seek or wear shoul-
der straps?"

INDEPENDENT MOVEMENT.

Something New Appears Among Con-
tractors of the City.

Representatives of a large Chicago
lumber firm were in the city this week
looking for a location to open a branch
yard. They secured options on several
desirable sites and left for the west.
They will return here next week. Ac-
cording to a contractor inducements
have been offered the concern, because,
they allege, they cannot bid successfully
against the members of the builders' ex-
change.

SETTLEMENT.

The State and the Government Will Soon
Balance Accounts.

The state is getting ready for a settle-
ment of the claims it holds against the
government on account of the war.

It will be recalled that a short time
ago the government decided to refund
to the state the expenses of the soldiers
the state had paid previous to the time
they were mustered in. This was a new
interpretation of the law that was passed
July 8.

noon shipped a large box of old school

will be distributed among the scholars.

tributed in the Sixth street school, and
now all the scholars are using the same
books.

LANDED THE FACTORY

Contract Was Signed With Cincinnati Men

YESTERDAY AT FIVE O'CLOCK

Work Will Begin Within a Few Weeks, a Large Force Being Employed In Constructing the Buildings—Council Asks More Money—The News.

The contract between the Cincinnati window glass firm and the improvement company was signed last evening about 5 o'clock.

Several changes were made in the original agreement. Concessions were made by both parties, but at last everything was adjusted to the satisfaction of both sides.

The contract calls for immediate action, and by Oct. 31 a force of 40 or 50 men will be at work on the erection of the new plant.

It is regarded as one of the most desirable plants that has been ever talked of for the West End, as members of the firm are well known, practical glass men, who have already proved their ability by making a success of their business in other places.

Council In Session.

After roll call last night in council chamber Mr. Stevenson asked to amend the water works resolution. Mr. Bowers objected, and because Solicitor Wells was out of town the opinion of J. J. Purinton, of Liverpool, was asked. He said the law provided for three readings of a resolution in order that members might deliberate and change if they found it advisable. Trustee Anderson's view was asked, but he would only speak for himself and Trustee Champney was summoned from his home. He agreed with Mr. Anderson that it would be a mistake to make any improvement that would not supply the needs of the town, and they had figured it to the lowest notch, believing the people would not support a big bond issue, but if council thought it necessary to ask more than \$7,000 they were willing.

Meantime Judge Smith had been called in, and gave as his opinion that amendment to resolution was regular. Then Mr. Stevenson moved that bonds to the amount of \$12,000 be issued for the extension of water mains, and it carried. Council promptly adjourned until tonight, when the resolution will go on its last reading.

Weakened the Team.

The Steubenville Gazette yesterday said:

"While Will Brown was practicing football on the old fair grounds with the high school boys yesterday, his left foot turned, throwing him to the ground and spraining his ankle. Brown is a member of every athletic organization in the city, and the high school boys counted much on his services in the game at Wellsville Saturday, but he will be laid up for a while and he will be badly missed in that and perhaps other games."

Fell From a Wagon.

A 12-year-old son of Daniel Fitzgerald fell from a wagon yesterday afternoon, alighting on the back of his head. When picked up he was unconscious and remained in the same condition throughout the afternoon. The boy is in a critical condition.

The News of Wellsville.

Miss Maud Lewis and Mail Agent Speidell went out to the street fair at Alliance today.

Mr. and Mrs. A. Downer returned from their trip to Columbus today, and stopped over in town on their way to their home in Hammondsville.

Mr. and Mrs. J. E. Tullis left for Toronto today, where they will attend the funeral of Mrs. Tullis' brother, R. P. Taylor.

Mrs. A. E. Temple, who has been visiting Mrs. C. A. Bradley for the past two weeks, returned yesterday to her home in Cleveland.

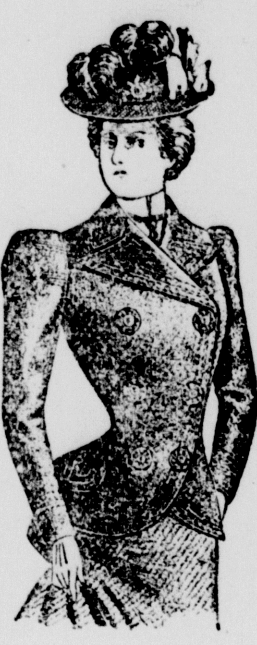

Mrs. Samuel McLean and son, Earl, who have been visiting Thomas Kerr for a week, returned to Irondale yesterday.

Born, to Mr. and Mrs. A. M. Welliston, Fifteenth and Main streets, a girl.

A 3-year-old daughter of W. P. King has been ill for the past week with diphtheria. Her condition is now improved.

Mrs. L. H. Hudson and Mrs. John Hudson, of Moscow, W. Va., were in town yesterday shopping.

RIVER IS RISING.

End of Hard Times For Rivermen Seems to Have Passed.

The river at this port is rising slowly, but steady, and it is expected that a barge stage will prevail here next week. Though it will not come from the recent rains, it will come from more rain, which is expected at headwaters. At the wharf at noon the height of water was 7.2 feet and rising slowly. It will not reach much over this mark, but will remain stationary until a further rise is sent from headwaters.

Boats with flats began to pass this place yesterday afternoon. The Delta, Rescue and Relief brought several flats to this city, and the latter went as far as Cumberland. The Bell McGowan is assisting the Enterprise up with empties. Both boats went up this morning. The Enterprise has been laid up at Wheeling.

The Olivette took a number of empties from this place to Pittsburg yesterday.

The Virginia is expected up from Wheeling this evening, and the Kana-wha, Ben Hur and Keystone State will be up Sunday.

A PLEASANT EVENING

Was Spent by a Party of Liverpool Young People.

Twenty-two young people last evening went to Cook's Ferry where they were elegantly entertained at the home of Miss Blanche Bray. They returned on the midnight train.

A most enjoyable feature of the evening's entertainment consisted of a number of vocal selections rendered by Miss Bray.

The classes in physical culture will meet Tuesday evening at 7 o'clock, corner Broadway and Fifth, for final arrangements.

WELLSVILLE.

LANDED THE FACTORY

Contract Was Signed With Cincinnati Men

YESTERDAY AT FIVE O'CLOCK

Work Will Begin Within a Few Weeks, a Large Force Being Employed in Constructing the Buildings—Council Asks More Money—The News.

The contract between the Cincinnati window glass firm and the improvement company was signed last evening about 5 o'clock.

Several changes were made in the original agreement. Concessions were made by both parties, but at last everything was adjusted to the satisfaction of both sides.

The contract calls for immediate action, and by Oct. 31 a force of 40 or 50 men will be at work on the erection of the new plant.

It is regarded as one of the most desirable plants that has been ever talked of for the West End, as members of the firm are well known, practical glass men, who have already proved their ability by making a success of their business in other places.

Council In Session.

After roll call last night in council chamber Mr. Stevenson asked to amend the water works resolution. Mr. Bowers objected, and because Solicitor Wells was out of town the opinion of J. J. Purinton, of Liverpool, was asked. He said the law provided for three readings of a resolution in order that members might deliberate and change if they found it advisable. Trustee Anderson's view was asked, but he would only speak for himself and Trustee Champney was summoned from his home. He agreed with Mr. Anderson that it would be a mistake to make any improvement that would not supply the needs of the town, and they had figured it to the lowest notch, believing the people would not support a big bond issue, but if council thought it necessary to ask more than \$7,000 they were willing.

Meantime Judge Smith had been called in, and gave as his opinion that amendment to resolution was regular. Then Mr. Stevenson moved that bonds to the amount of \$12,000 be issued for the extension of water mains, and it carried. Council promptly adjourned until tonight, when the resolution will go on its last reading.

Weakened the Team.

The Steubenville Gazette yesterday said:

"While Will Brown was practicing football on the old fair grounds with the high school boys yesterday, his left foot turned, throwing him to the ground and spraining his ankle. Brown is a member of every athletic organization in the city, and the high school boys counted much on his services in the game at Wellsville Saturday, but he will be laid up for a while and he will be badly missed in that and perhaps other games."

Fell From a Wagon.

A 12-year-old son of Daniel Fitzgerald fell from a wagon yesterday afternoon, alighting on the back of his head. When picked up he was unconscious and remained in the same condition throughout the afternoon. The boy is in a critical condition.

The News of Wellsville.

Miss Maud Lewis and Mail Agent Speidell went out to the street fair at Alliance today.

Mr. and Mrs. A. Downer returned from their trip to Columbus today, and stopped over in town on their way to their home in Hammondsville.

Mr. and Mrs. J. E. Tullis left for Toronto today, where they will attend the funeral of Mrs. Tullis' brother, R. P. Taylor.

Mrs. A. E. Temple, who has been visiting Mrs. C. A. Bradley for the past two weeks, returned yesterday to her home in Cleveland.

Mrs. Samuel McLean and son, Earl, who have been visiting Thomas Kerr for a week, returned to Irondale yesterday.

Born to Mr. and Mrs. A. M. Welliston, Fifteenth and Main streets, a girl.

A 3-year-old daughter of W. P. King has been ill for the past week with diphtheria. Her condition is now improved.

Mrs. L. H. Hudson and Mrs. John Hudson, of Moscow, W. Va., were in town yesterday shopping.

COLONEL BRYAN'S WAIL.

The silver men of Nebraska who are
in sackcloth and ashes because their be-
loved William Jennings Bryan is not
with them to talk up the old doctrine
and do what he can to win them a vic-
tory, have thrown off the badge of
mourning long enough to prove that
they have without question less of that
which is known as common sense than
any other body of men on earth.

This demonstration of asininity came
about because the regiment commanded
by Colonel Bryan was not discharged
from the service when that august gen-
tleman thought it had been serving its
country long enough and his political
fences needed repairs. Bryan very
wisely left Washington for his camp
when he knew his trip was without fa-
vorable result. Being an officer in the
army he has wisely said nothing, but
his Nebraska friends have opened the
ball, doubtless in accordance with a
hint from the colonel.

They rail at the administration, and
do what they can to show their idol in
the light of a martyr. They declare
that he was ordered from a sick bed in
Washington to his regiment at Jack-
sonville, and call it one of the most
dastardly of crimes, having forgotten
for the time that other crime (?) about
which we hear so much when silver
happens to be mentioned by a Demo-
cratic speaker. Republican leaders, they
declare, have descended into the depths
of infamy in order to gain a political ad-
vantage.

The man of average intelligence knows
the truth there is in the story. Bryan
wanted to be known as a hero of the
war, and obtained a colonel's commis-
sion. He seemed to get along very well
for a time but recently manifested a de-
sire to leave the service, and has done
all in his power to have his regiment
discharged. But the government needs
soldiers, and those Nebraska boys are
being held to their enlistment until they
are no longer wanted. Bryan occupies
the position occupied by other regi-
mental commanders, a great many of
them, and if he is the patriot he has so
often claimed to be he will stop that
nonsense in Nebraska and do his duty
without a murmur.

A LISBON BANK CLOSED

First National In Charge of Examiner Boden.

CASHIER CHILD IS MISSING

He Left Yesterday Morning, and Drove to Kensington, but Failing to Catch a Train Went on to Minerva--Lisbon Has Confidence.

LISBON, Oct. 21.—[Special]—This sign appears on the door of the First National bank of Lisbon:

"This bank is in the hands on the comptroller of the currency.

"WILLIAM BODEN, "National Bank Examiner."

Mr. Boden began examining the bank's accounts yesterday. Cashier M. J. Child left the bank at 10 o'clock, saying he was going to the sale at the old woolen mill. He has not been seen there since, but it has been learned that he employed Charles Sipe, a liveryman, to take him to Kensington, on the Cleveland and Pittsburg, where he expected to take a train for the east. When they arrived the train had gone, so he drove to Minerva, the liveryman leaving him at the station in that place.

The directors have been in session during the entire forenoon. The story is that there has been some juggling with the books, but to what extent cannot be ascertained. The people of Lisbon have had the utmost confidence in Mr. Childs, and cannot be made to believe that the bank will not meet its every obligation.

Mr. Childs is also township and village treasurer, and it is thought those funds were deposited at the bank.

How the Football Team Will Play Tomorrow Afternoon.

The football team tomorrow in their game with Toronto will lineup as follows: Pearson, left end; Brockett, left tackle; Fisher, left guard; Cheatile, center; Stoffel, right guard; Little, right tackle; Nagle, right end; Walsh, quarter; Smith, left half; Booth, right half; McCurran, full back.

A morning paper states that the Sophs, of the Western University of Pennsylvania, will play here tomorrow, but it is a mistake, as the game with them was canceled.

Loaf on the Beach Near the Passenger Station and Annoy People.

For several days a crowd of men have been loafing on the beach in the rear of the passenger station. They beg their food from the residents of the lower part of town, and if successful go back to the beach and dispose of it to their friends. They then play cards, and the language they use while doing this is something that should be stopped. They have been staying on the beach for several weeks, and the police should run them out of town.

RIVER DISTRICT IS INCLUDED

In the Work Laid Down For the New Station—Gamewell System Will Be Connected, and the Improvement Made One That Will Be of Service.

The team for the East End fire department has at last been purchased.

Yesterday afternoon the fire committee of council, composed of Messrs. Cain, Challis and Seckerson, purchased from Frank Dickey a team of iron grays for \$300. The animals are very handsome, weigh 1,300 pounds each and are five years old. They came from the western part of the state, and are one of the handsomest teams ever seen in the city.

They will be kept here until the new department is ready to receive them, and their training will be commenced at the central station.

The Gamewell system will be used in the new station, and hereafter when there is a fire in the East End the gong in the city will sound the alarm and the central department will answer the call. The East End department will be required to answer all fire calls along the river potteries, and will no doubt be of great assistance to the central department.

When asked who would be placed in charge of the department Mr. Cain, of the fire committee, said: "It is too early to make any statement, but the man selected will be satisfactory to the residents of the East End, and will be a good police officer as well as a good fireman."

MR. HULL TO BEGIN NEXT WEEK

He Will Also Look After the Schools and Other Public Buildings—The Enforcement of the New Child Labor Law to Be a Part of His Work.

R. M. Hull, inspector of workshops and factories for the Sixth district of Ohio, was here last night and this morning arranging for a stay of a month in the city when he will make his regular inspection.

Mr. Hull said there was nothing significant about his visit and it will be nothing more than the department, of which J. W. Knaub is chief, expects. He will carefully go over all the factories in town, and will see that the laws are complied with in every particular. Then he will turn his attention to school houses and other public buildings, making such recommendations as he may think necessary for the safety of their occupants.

Another matter in connection with Inspector Hull's visit will be a close inquiry into the manner in which the new child labor law is enforced. The law prohibits the employment of boys under 15 years of age during school terms and girls under 16 years of age. Mr. Hull will investigate all cases of this kind coming under his notice, and act accordingly. Nothing will be done in any instance until the facts are all known. It will be remembered that the law was passed by the last general assembly, and word has been sent out from Columbus that it must be enforced.

A trade paper finds that improvements are being made in the potteries, and in commenting says:

"This is at it should be, and it seems that at last the American potting industry is making rapid and permanent progress to supply an ever increasing portion of the ware formerly imported. In dinner ware, in jugs, jardinières, bowls, novelties, vases and an endless variety of specialties, as well as in all lines of toilet ware, the American product is in every way equal to the imported goods, and there is no longer any excuse whatever for Americans to purchase foreign goods in these lines, and it is one of the most hopeful signs of the times to note with what taste, intelligence and liberality American potters are improving their ware, in shape, decoration, body and glaze, and laying the foundation for the industrial independence of the United States."

When You Want a SUIT or an OVERCOAT

there are several questions you no doubt ask yourself. The main question is

Where Can I Get the best Suit For the Least Money?

The little word BEST means a great deal more than the word itself implies. It means

- First, quality of wool;
- Second, quality of dye;
- Third, workmanship;
- Fourth, style and finish;
- Last, but not least, fit.

When you get all this you come very near getting THE BEST SUIT.

Now the question is

Where can You Get this Suit for The Least MONEY?

WE ARE TRYING

to give you a plain business talk today.

We will only give you a plain proposition and that any child should understand.

We will ask you a question and bring it right home to you. Suppose for instance that one of our home potteries should commence to start retail stores all over the country as we are doing, instead of selling to jobbers and dealers. Don't you think they could afford to sell cheaper than the dealers? We will say for instance that they sold the ware direct from the manufacturer to the consumer, wouldn't the consumer save the middleman's profit? When we sell you a Suit or Overcoat we sell it to you that way. There is no middleman to come in and share the profit. You buy direct from manufacturer and therefore you save the profit. We need hardly tell you that in quality style finish, workmanship and fit, we are away in the lead. We will not say we are selling you goods below cost as others may do, because any sensible man, woman or child knows it is not true when they say so. What we do say is that we are

In a Position

to save you the go-between profit. Are you ready and willing to take advantage of it?

We ask you to

COME and SEE US.

Seeing us will convince you; we are always glad to show our goods any day except Saturday, as we are too busy on this day to give you the proper attention we would like.

When You Want a SUIT or an OVERCOAT

there are several questions you no doubt ask yourself. The main question is

Where Can I Get the best Suit For the Least Money?

The little word BEST means a great deal more than the word itself implies. It means

First, quality of wool;
Second, quality of dye;
Third, workmanship;
Fourth, style and finish;
Last, but not least, fit.

When you get all this you come very near getting THE BEST SUIT.

Now the question is

Where can You Get this Suit for The Least MONEY?

THE SURPRISE, CLOTHIERS AND FURNISHERS,

Corner East Market, Sixth Street and the Diamond,

EAST LIVERPOOL, OHIO.

WE ARE TRYING

to give you a plain business talk today.

We will only give you a plain proposition and that any child should understand.

We will ask you a question and bring it right home to you. Suppose for instance that one of our home potteries should commence to start retail stores all over the country as we are doing, instead of selling to jobbers and dealers. Don't you think they could afford to sell cheaper than the dealers? We will say for instance that they sold the ware direct from the manufacturer to the consumer, wouldn't the consumer save the middleman's profit? When we sell you a Suit or Overcoat we sell it to you that way. There is no middleman to come in and share the profit. You buy direct from manufacturer and therefore you save the profit. We need hardly tell you that in quality style finish, workmanship and fit, we are away in the lead. We will not say we are selling you goods below cost as others may do, because any sensible man, woman or child knows it is not true when they say so. What we do say is that we are

In a Position

to save you the go-between profit. Are you ready and willing to take advantage of it?

We ask you to

COME and SEE US.

Seeing us will convince you; we are always glad to show our goods any day except Saturday, as we are too busy on this day to give you the proper attention we would like.

LOCAL BREVITIES.

A very pleasant dance was given last evening by the Junior Mechanics at their hall in the Wells block.

John D. Irwin, of Steubenville, who has been spending several days in the city on business, has returned to his home.

Walter Dawson, an employe of the Patterson company, is very ill at his home. He will be unable to work for several weeks.

The remains of the infant child of Mr. and Mrs. James Whitney, of East End, were taken to Sistersville for interment this morning.

The printers at the East Liverpool pottery are loading today, owing to a scarcity of ware. The repairs at the factory are almost complete.

The funeral of Mrs. Thomas Ford took place this morning from St. Aloysius church and was largely attended. Interment was made at the Catholic cemetery.

It has been rumored for several days that a valuable piece of property in Seventh street had been sold, but it was learned this morning there was no truth in the story.

Mrs. Hugh Maley, of East Market street, who has been suffering from the effects of a tumor, is not improving. Her condition is such that her recovery is considered doubtful.

Sheriff Gill was in the city yesterday serving subpoenas in the case of William Hayes versus the city for \$10,000 damages. About 15 witnesses have been summoned, and the case will be heard next Thursday.

The meeting of the Epworth league of the First M. E. church which was to be held this week has been deferred until next week. It is the intention of Doctor Crawford to address the society at the meeting with reference to the work.

Two fine peacocks were received in the city this morning, coming from Marion, Ind. They were consigned to a prominent farmer living near Irish Ridge school. The birds came by express, and seemed none the worse after their long journey.

A number of Republicans of this city have received invitations from the Tippecanoe club, of Cleveland, asking them to a meeting of Republicans in the Cleveland armory this evening. The meeting will be addressed by Postmaster General Charles Emory Smith.

The wood foot crossing at the corner of Walnut and Railroad street should be repaired immediately. Portions of it are rotten, and should a pedestrian chance to step on one of the planks he would doubtless receive a fall of several feet. It should be replaced by the street commissioner.

The Ohio Valley company have commenced the work of connecting the various schools with their mains. The pipes to be used have been brought to the city from Midway where they were cut to the measurements taken last week. It is thought the Central school will be connected early next week.

All the trains were late in arriving at the station this morning. The delays were caused by freight traffic. The train due to leave here at 8:20 arrived at 8:40 and left at 8:50 o'clock. The delay at this place was caused by heavy express business. The road is breaking even its good record as a carrier.

The crews of the passenger trains on the Cleveland and Pittsburg road were today arrayed in their heavy uniforms. The light caps which they wore during the summer have also been laid aside, and the heavy cloth ones are now being used. The change was made as a result of orders issued by the company Wednesday.

For Selling to Minors—She Pleaded
Guilty to the Four Charges on the
Book—A Number of Other Cases Swelled
the Amount.

Mayor Bough took in more money yesterday than he has in one day since he entered the office last April. The amount collected was \$147.80.

Mrs. Catherine Stein, who keeps a saloon in Walnut street, was arrested yesterday afternoon by Officer White on a charge of selling liquor to minors on or about Sept. 10. When the officials heard of the matter they investigated, and secured valuable testimony against the woman from Dave Brown, colored; Edward McKinney, Frank Green and Henry Moore. The boys range in age from 15 to 18 years, and all appeared at city hall and assisted the police in the case. When the woman was taken to city hall yesterday there were four charges of like character against her. They were read to her and she pleaded guilty. A fine of \$25 and costs was assessed in each case, which amounted to \$118.40. The amount was paid and the woman left city hall.

Christian Pusey, a son of Elwood Pusey, of Fourth and Washington streets, was arrested yesterday afternoon by Officer McMillan on complaint made by William Moore, janitor of the First National bank building. The complaint was made on Wednesday night after Pusey and other boys had been ordered off the steps of the bank. Pusey is about 17 years old, and swore at Moore and called him names after he had been ordered away. He was fined \$6.00 on a charge of disorderly conduct.

Samuel Martin, who was gathered in yesterday afternoon by Officer Grim, was fined \$7.00 this morning and released. He was charged with being drunk and acting disorderly in Sixth street which caused him to be given a ride in the patrol. Martin lives in Chester.

Alonzo Steward, who was arrested yesterday afternoon by Officer White on complaint made by Michael Pane, was fined \$5.00. He was charged with attempting to provoke a breach of the peace. Steward lives in the suburbs and works in the clay shops of the Knowles, Taylor and Knowles pottery.

Philip Goodwin, of Wellsville, called on the mayor yesterday afternoon and told him that he had escaped from his home and that his friends were looking for him. He then left city hall and has not been seen since.

Jerome McCormick, who was fined \$9.00 yesterday morning called at city hall late yesterday afternoon, and secured his belongings which were taken from him when he was arrested. He got his all and departed.

The mayor was notified this morning of a crowd of tramps that have been staying in the lower part of town for several weeks. An officer will be detailed to gather them in if possible.

The jail is now empty, the last victim being released at 10:30 o'clock this morning.

OPPOSES EXPANSION.

Andrew Carnegie Says It Will Retard Business.

BARBARIANS ARE NOT CUSTOMERS.

Civilized People Consumers of Our Products—Philippines Have a Certain Trade, Which Cannot Be Increased—Would Need Big Armament.

NEW YORK, Oct. 21.—Andrew Carnegie, back from Europe, said in part in an interview:

"If the United States is going to undertake the government of the Philippines and go in for expansion throughout the world, putting her hand in the hornet's nest of European rivalry, there can be no prosperous business. We shall be subject to wars and war's alarms.

"We shall be compelled to increase our navy. We must pay for a large standing army, and there is neither rest nor security for us.

"You do not think that territorial expansion will bring expansion in trade?"

"No, not by any means. The development of one state in the Union in peace and security will outweigh all the increase of profit we can get from foreign trade in any of the worthless possessions which we can attempt now to take. The Philippines have a certain trade which cannot be greatly increased; the wants of the people are few; barbarians are no customers, civilized people are the consumers of our products."

QUAKER CITY JUBILEE.

Cruiser New Orleans Arrived—General Graham There—Program For the Affair.

PHILADELPHIA, Oct. 21.—Major General Graham has been here in consultation with the peace jubilee committee concerning the route of the military parade and the position of the troops in the line. He will command the soldiers from Camp Meade, about 7,500.

The cruiser New Orleans arrived from Porto Rico and the Texas is expected here today.

The celebration will begin on Tuesday, with the naval review on the Delaware; Wednesday will be the civic parade, and Thursday the great military pageant. On Wednesday night the Union League will give a reception to the president and a number of other affairs have been arranged in his honor. A feature of the celebration will be the dazzling electrical displays on each of the three nights.

U. S. SHIPS IN DISTRESS.

A Terrible State of Anarchy Said to Exist in the Southern Philippines.

MANILA, Oct. 21.—The United States cruiser Boston and collier Nero, which, on Oct. 5, were ordered to proceed to Hongkong in connection with the recent disturbances at and near Pekin, have arrived at Amoy, on the island of that name, in the province of Fo-Kien, opposite Formosa, the former short of coal and the latter with her cargo on fire.

Well authenticated reports have reached here of a terrible state of anarchy in the Southern Philippines.

The Spaniards there are cooped up in the principal towns.

The Americans continue capturing the rebel vessels as they arrive at Cavite. Two have been captured this week.

PEACE NEGOTIATIONS.

Spaniards May Still Resist—Americans May Deliver an Ultimatum.

PARIS, Oct. 21.—The Spanish peace commissioners had not yet received from Madrid either instructions or permission to bid adieu to Cuban sovereignty without further seeking to attach to this sovereignty some condition providing for the assumption of the Cuban debt by the United States.

If they are as present disposed and instructed the Spaniards will not, at today's meeting, recognize affirmatively the United States' position and will stop on the point of results. The Americans may deliver an ultimatum.

NEAR THE WAR POINT.

London Morning Papers Cool Down on Fashoda Affair—French Commercial Men Against War.

LONDON, Oct. 21.—The London morning papers have cooled down to an exceedingly cautious and conservative tone in dealing with the Fashoda question, apparently realizing that the public on both sides of the channel is heated to the danger point.

PARIS, Oct. 21.—M. Delcasse, minister of foreign affairs, has ordered that the report of Major Marchand, as to the situation at Fashoda, which is expected at Cairo, be telegraphed textually. The drift of opinion on the Fashoda

question, among commercial men in Paris, was shown by a resolution adopted by the municipal council of this city, urging the French government, without sacrificing the material interests of the country, to use its utmost efforts to avert a conflict with Great Britain over this dispute.

SELECTED BISHOPS.

Four For Missionary Dioceses Chosen at the Episcopal Convention.

WASHINGTON, Oct. 21.—The house of bishops of the Episcopal general convention selected the following missionary bishops:

For Boise City, Rev. J. B. Funston of Portsmouth, Va.; for Sacramento, Rev. W. H. Moreland of San Francisco; for North Dakota, Rev. S. C. Edsall of Chicago; for presiding bishop of Brazil, Rev. L. L. Kinsolving of Virginia.

At the meeting of the house of deputies of the Episcopal convention a letter to the czar of Russia was agreed upon, praising him for his proposed disarmament conference, closing as follows: "We earnestly invoke upon it the blessing of Almighty God, and pray that it may help greatly to hasten the coming kingdom of the Prince of Peace on earth."

A resolution was adopted thanking England for her sympathy to the United States during the recent war.

By unanimous vote the house adopted a resolution fixing Tuesday next, Oct. 25, as the day of final adjournment, the closing exercises to occur at 8 p. m.

The report to the house of deputies of the committee on the state of the church showed progress and healthy activity in the main, for the past three years, but the report frankly pointed out retrogression in some respects and falling off in the percentage of contributions for certain objects. The total contributions of the last three years for all purposes reached \$31,541,178. There has been an increase of bishops from 70 to 83; of clergymen from 4,022 to 4,380. The number of baptisms has been 192,725; confirmations, 134,741; communicants, 681,645. The present church sittings are 1,088,901.

The bishops concurred in the resolution for final adjournment on Oct. 25. They concurred also in the letter to the czar of Russia and in the resolution of thanks to England. The bishops received nominations for the vacant missionary bishopric of Asheville, N. C., but no choice was made.

THE LUTHER LEAGUE.

President Eller Re-Elected—The Movement For a World's League.

NEW YORK, Oct. 21.—The Luther League elected these officers for the current year as follows:

President, C. F. Eller, New York, re-elected; grand secretary, M. C. Olsen, Chicago, re-elected; assistant general secretaries, C. C. Grauer, Buffalo, and George M. Jones, Reading, Pa.; treasurer, Cornelius Eckhardt, Washington; literary secretary, Rev. Charles L. Frey, Lancaster, Pa.; assistant literary secretary, Rev. O. H. Schumre, Ohio.

The delegates from St. Paul presented a request that the next convention be held in that city. This was referred to the executive committee.

The committee on the world's league reported that they had communicated with the heads of the league in five different countries on the subject of a world's league. The Lutheran bishop of Sweden threw cold water on the project, so far as Sweden was concerned.

It was suggested that a delegation of 15 Lutherans be selected to go to Europe to interest Lutherans in the different countries on the subject of a world's league.

Porto Ricans In New York Will Test the Law.

NATURALIZATION NOT NEEDFUL.

This Argument Presented, Claiming the Raising of American Flag Over the Island Gave Them Same Status as Our Native Born Citizens.

NEW YORK, Oct. 21.—A test will be made of the rights of natives of Porto Rico residing in the United States to exercise the franchise without naturalization, the argument being advanced in their behalf that by the raising of the American flag over Porto Rico Tuesday they acquired the same status as that of native born citizens of this country. It is said that about 1,000 un-naturalized natives of Porto Rico residing in this city alone who will be affected by the determination of the question.

The test will be made by A. Velez Alvarado, who has lived in this city for ten years. He will apply for registration, and on being refused, which he expects, will apply to the court for an order compelling the election officers to enroll his name. As the case is one which will undoubtedly be carried to the higher courts if Mr. Alvarado persists in asserting his alleged right, it is unlikely the question will be determined before election day.

PRESIDENT ENROUTE.

Passed Through Logansport, Ind., Today on His Way From Chicago.

LOGANSPORT, Ind., Oct. 21.—The train bearing President McKinley and party passed through here today.

CHICAGO, Oct. 21.—President McKinley and the members of his party left for Washington last night, over the Pennsylvania road. The crowd that has followed him every time he has appeared in public was with him to the last, and it required the efforts of 150 policemen to restrain the throng which packed the depot to suffocation.

Just as the train pulled out the president appeared on the rear platform of the last car and bowed repeatedly as the crowd cheered him.

In the afternoon the president was driven to the First regiment armory, where, together with Mayor Harrison, he was received by a large gathering of railroad employes. After the reception the president addressed the railroad men, eliciting from them the warmest applause.

From the armory the president went to the Auditorium to meet a number of friends, and while there was presented with a memorial in favor of international arbitration by the Chicago committee on international arbitration. In reply he said in part: "I am indeed very glad to meet this representative delegation and give you the assurance that the subject of your memorial shall enlist my early and earnest consideration."

Mrs. McKinley patronized the bazaar given by the women of the Holy Angels Catholic church, by sending through Miss Mitchell, a young woman of the parish, a donation for the movement. The ladies, in charge of the bazaar, wishing to show their appreciation of the act, sent a delegation to Mrs. McKinley, presenting her with a beautiful Sevres vase. The ladies were presented to the President and Mrs. McKinley.

MISSIONARY KILLED.

Chinese Catholics Also Dead—France to Demand Protection For Missionaries From China.

PARIS, Oct. 21.—At the cabinet meeting M. Delcasse read a dispatch from the French minister at Pekin, M. Gerard, announcing that a French missionary and several Chinese Catholics have been massacred and burned to death in a chapel at Paklung by a riotous mob.

M. Gerard immediately demanded reparation from the Chinese government.

M. Delcasse instructed M. Gerard to instruct the Chinese foreign office that the French government will take action if China does not adopt measures absolutely guaranteeing the lives of the missionaries.

RATIONS FOR THE POOR.

Over a Million Expected at Havana Today—More Spanish Troops Left the Island.

HAVANA, Oct. 21.—The steamer City of Antonio is expected here today with 1,200,000 rations for the relief of the poor in this province.

General Butler of the United States evacuation commission had an important private conference with General Garrido, president of the Spanish commission. The conference, it is believed, was regarding the date of evacuation. Captain Foraker and Captain Page

will go to Cienfuegos to report on the retirement of the Spanish troops from the trocha.

The following steamers sailed for Spain: The Jover Sorra, with 10 officers and 80 soldiers; the Colon, with 182 officers, 1,571 soldiers and 157 boxes of archives, and the Puerto Rico, with 7 officers and 228 soldiers. The Puerto Rico will touch at Cienfuegos, where she will embark more troops.

STARTED TO ATLANTA.

War Investigators Left Jacksonville. Bryan Excused From Testifying.

JACKSONVILLE, Fla., Oct. 21.—The war investigating commission concluded its labors at Jacksonville and left Jacksonville for Atlanta.

The last day here the commission heard several professional female nurses at the forenoon session, including Miss Copeland, chief nurse at the Third division hospital; Miss Robbins, head nurse at the First division hospital; Miss Hubbard, head nurse at the Second division hospital, and Misses Walker and Waters, ward nurses.

Major James E. Pilcher of the regular army, depot surgeon for the Seventh army corps, said that since the early days of the camp there had been no difficulty in securing an abundance of medical supplies, and that they were much more plentiful and of greater variety than was usual in the regular army.

Lieutenant Morrow, acting commissary of the Third Nebraska, Colonel Bryan's regiment, testified to the generally good character of the commissary supplies.

Colonel W. J. Bryan was excused from testifying.

Colonel Letcher Hardin of the Sixth Missouri complained that the grounds of the Third division hospital had not been well kept.

Dr. Alexander Kent, pastor of the People's church at Washington, and field agent at Jacksonville for the Red Cross, said he had been received very cordially by the army surgeons and he had co-operated with them. He spoke of shortness of things needed at the Second division hospital. He had undertaken to supply the deficiency and had distributed two carloads of the necessary delicacies.

"It seemed," he said, "as if the hospital was arranged upon a smaller scale than was demanded and as a consequence there was a constant demand upon the Red Cross to supply the deficiency."

Others also testified, among them Lieutenant Colonel Vifquam of the Third Nebraska, who thought the clothing better than during the Civil war, but rations not so good.

SANTIAGO NAVAL FIGHT.

Naval Board Reported Whereabouts of Some of the Vessels When Colon Surrendered.

WASHINGTON, Oct. 21.—The report of the Wainwright board, convened for the purpose of determining the positions and courses of the ships engaged in the action at Santiago July 3, has been made public.

The report is lengthy and in naval parlance and hard to understand. The positions of the American vessels that followed the Colon when she surrendered, is given in part as follows:

Position No. 7.—1:15 p. m.—The Colon surrendered. In the two hours and ten minutes from the last position given the vessels had coursed westward a great distance. The Colon had run 26½ miles and was off the Tarquino river. The Brooklyn was the nearest American vessel. She had sailed 28½ miles and was 3 1/4 miles from the Colon. The Oregon was 4½ miles from the Colon, and more inshore than the Brooklyn. The Texas was 3 1/4 miles behind the Oregon. The New York was 9½ miles from the Colon. No other vessels had come up, save the Vixen, which was abreast of the New York. This little vessel in the beginning of the fight steamed out to sea and sailed westward on a course about 2¼ miles from that of the nearest Spanish ships.

Marshal William Huff and Deputy Sheriff M. Henderson attempted to make arrests and were probably fatally shot. Both are said to be fatally injured.

TAYLER'S WAR RECORD

What the Brainy Congressman
Has Done.

STOOD BY HIS CONSTITUENTS

On Every Measure of Importance He
Faithfully Performed His Duty as a
Republican, and His Position Has Always
Been Plain.

The Youngstown Telegram reviews
the record of R. W. Tayler, and editor-
ially says:

"Congressman Robert W. Tayler did
some notable voting while a member of
the Fifty-fifth congress, the one which
'died' a short time ago, the 'war con-
gress of 1898.'

"Congressman Tayler voted against
the free silver Teller resolution of Janu-
ary 31, just as he pledged his Eighteenth
district constituents he would.

"Just the summer before he voted for
and helped pass the Dingley protective
tariff law, just as he promised his
Eighteenth district constituents he
would.

"He voted for the patriotic measure
placing \$50,000,000 in the hands of Pres-
ident McKinley with which to prepare
for war only a few days before the for-
mal declaration of war.

"He voted to pass the war revenue
bill, by which the government received
enough money to carry to its brilliant
conclusion the war against Spain and
for the freedom of Cuba.

"He has rendered every possible serv-
ice to the returned sick soldiers to alle-
viate their distress and get them home
on furloughs.

"Isn't that a pretty good war record,
although he did not seek or wear should-
er straps?"

INDEPENDENT MOVEMENT.

Something New Appears Among Con-
tractors of the City.

Representatives of a large Chicago
lumber firm were in the city this week
looking for a location to open a branch
yard. They secured options on several
desirable sites and left for the west.
They will return here next week. Ac-
cording to a contractor inducements
have been offered the concern, because,
they allege, they cannot bid successfully
against the members of the builders' ex-
change.

SETTLEMENT.

The State and the Government Will Soon
Balance Accounts.

The state is getting ready for a settle-
ment of the claims it holds against the
government on account of the war.

It will be recalled that a short time
ago the government decided to refund
to the state the expenses of the soldiers
the state had paid previous to the time
they were mustered in. This was a new
interpretation of the law that was passed
July 8.

LANDED THE FACTORY

Contract Was Signed With Cincinnati Men

YESTERDAY AT FIVE O'CLOCK

Work Will Begin Within a Few Weeks, a Large Force Being Employed in Constructing the Buildings—Council Asks More Money—The News.

The contract between the Cincinnati window glass firm and the improvement company was signed last evening about 5 o'clock.

Several changes were made in the original agreement. Concessions were made by both parties, but at last everything was adjusted to the satisfaction of both sides.

The contract calls for immediate action, and by Oct. 31 a force of 40 or 50 men will be at work on the erection of the new plant.

It is regarded as one of the most desirable plants that has been ever talked of for the West End, as members of the firm are well known, practical glass men, who have already proved their ability by making a success of their business in other places.

Council In Session.

After roll call last night in council chamber Mr. Stevenson asked to amend the water works resolution. Mr. Bowers objected, and because Solicitor Wells was out of town the opinion of J. J. Parinton, of Liverpool, was asked. He said the law provided for three readings of a resolution in order that members might deliberate and change if they found it advisable. Trustee Anderson's view was asked, but he would only speak for himself and Trustee Champney was summoned from his home. He agreed with Mr. Anderson that it would be a mistake to make any improvement that would not supply the needs of the town, and they had figured it to the lowest notch, believing the people would not support a big bond issue, but if council thought it necessary to ask more than \$7,000 they were willing.

Meantime Judge Smith had been called in, and gave as his opinion that amendment to resolution was regular. Then Mr. Stevenson moved that bonds to the amount of \$12,000 be issued for the extension of water mains, and it carried. Council promptly adjourned until tonight, when the resolution will go on its last reading.

Weakened the Team.

The Steubenville Gazette yesterday said: "While Will Brown was practicing football on the old fair grounds with the high school boys yesterday, his left foot turned, throwing him to the ground and spraining his ankle. Brown is a member of every athletic organization in the city, and the high school boys counted much on his services in the game at Wellsville Saturday, but he will be laid up for a while and he will be badly missed in that and perhaps other games."

Fell From a Wagon.

A 12-year-old son of Daniel Fitzgerald fell from a wagon yesterday afternoon, alighting on the back of his head. When picked up he was unconscious and remained in the same condition throughout the afternoon. The boy is in a critical condition.

RIVER IS RISING.

End of Hard Times For Rivermen Seems to Have Passed.

The river at this port is rising slowly, but steady, and it is expected that a barge stage will prevail here next week. Though it will not come from the recent rains, it will come from more rain, which is expected at headwaters. At the wharf at noon the height of water was 7.2 feet and rising slowly. It will not reach much over this mark, but will remain stationary until a further rise is sent from headwaters.

Boats with flats began to pass this place yesterday afternoon. The Delta, Rescue and Relief brought several flats to this city, and the latter went as far as Cumberland. The Bell McGowan is assisting the Enterprise up with empties. Both boats went up this morning. The Enterprise has been laid up at Wheeling.

The Olivette took a number of empties from this place to Pittsburg yesterday.

The Virginia is expected up from Wheeling this evening, and the Kana-wha, Ben Har and Keystone State will be up Sunday.

A PLEASANT EVENING

Was Spent by a Party of Liverpool Young People.

Twenty-two young people last evening went to Cook's Ferry where they were elegantly entertained at the home of Miss Blanche Bray. They returned on the midnight train.

A most enjoyable feature of the evening's entertainment consisted of a number of vocal selections rendered by Miss Bray.

COLONEL BRYAN'S MAIL.

The silver men of Nebraska who are in sackcloth and ashes because their beloved William Jennings Bryan is not with them to talk up the old doctrine and do what he can to win them a victory, have thrown off the badge of mourning long enough to prove that they have without question less of that which is known as common sense than any other body of men on earth.

This demonstration of asininity came about because the regiment commanded by Colonel Bryan was not discharged from the service when that august gentleman thought it had been serving its country long enough and his political fences needed repairs. Bryan very wisely left Washington for his camp when he knew his trip was without favorable result. Being an officer in the army he has wisely said nothing, but his Nebraska friends have opened the ball, doubtless in accordance with a hint from the colonel.

They rail at the administration, and do what they can to show their idol in the light of a martyr. They declare that he was ordered from a sick bed in Washington to his regiment at Jacksonville, and call it one of the most dastardly of crimes, having forgotten for the time that other crime (?) about which we hear so much when silver happens to be mentioned by a Democratic speaker. Republican leaders, they declare, have descended into the depths of infamy in order to gain a political advantage.

The man of average intelligence knows the truth there is in the story. Bryan wanted to be known as a hero of the war, and obtained a colonel's commission. He seemed to get along very well for a time but recently manifested a desire to leave the service, and has done all in his power to have his regiment discharged. But the government needs soldiers, and those Nebraska boys are being held to their enlistment until they are no longer wanted. Bryan occupies the position occupied by other regimental commanders, a great many of them, and if he is the patriot he has so often claimed to be he will stop that nonsense in Nebraska and do his duty without a murmur.

A LISBON BANK CLOSED

First National In Charge of Examiner Boden.

CASHIER CHILD IS MISSING

He Left Yesterday Morning, and Drove to Kensington, but Failing to Catch a Train Went on to Minerva--Lisbon Has Confidence.

LISBON, Oct. 21.—[Special]—This sign appears on the door of the First National bank of Lisbon:

"This bank is in the hands on the comptroller of the currency.

"WILLIAM BODEN, "National Bank Examiner."

Mr. Boden began examining the bank's accounts yesterday. Cashier M. J. Child left the bank at 10 o'clock, saying he was going to the sale at the old woolen mill. He has not been seen there since, but it has been learned that he employed Charles Sipe, a liveryman, to take him to Kensington, on the Cleveland and Pittsburg, where he expected to take a train for the east. When they arrived the train had gone, so he drove to Minerva, the liveryman leaving him at the station in that place.

The directors have been in session during the entire forenoon. The story is that there has been some juggling with the books, but to what extent cannot be ascertained. The people of Lisbon have had the utmost confidence in Mr. Childs, and cannot be made to believe that the bank will not meet its every obligation.

Mr. Childs is also township and village treasurer, and it is thought those funds were deposited at the bank.

THE LINEUP.

How the Football Team Will Play Tomorrow Afternoon.

The football team tomorrow in their game with Toronto will lineup as follows: Pearson, left end; Brockett, left tackle; Fisher, left guard; Cheatle, center; Stoffel, right guard; Little, right tackle; Nagle, right end; Walsh, quarter; Smith, left half; Booth, right half; McCarran, full back.

A morning paper states that the Sophs, of the Western University of Pennsylvania, will play here tomorrow, but it is a mistake, as the game with them was canceled.

PARTY OF TRAMPS

Loaf on the Beach Near the Passenger Station and Annoy People.

For several days a crowd of men have been loafing on the beach in the rear of the passenger station. They beg their food from the residents of the lower part of town, and if successful go back to the beach and dispose of it to their friends. They then play cards, and the language they use while doing this is something that should be stopped. They have been staying on the beach for several weeks, and the police should run them out of town.

RIVER DISTRICT IS INCLUDED

In the Work Laid Down For the New Station—Gamewell System Will Be Connected, and the Improvement Made One That Will Be of Service.

The team for the East End fire department has at last been purchased.

Yesterday afternoon the fire committee of council, composed of Messrs. Cain, Challis and Seckerson, purchased from Frank Dickey a team of iron grays for \$300. The animals are very handsome, weigh 1,300 pounds each and are five years old. They came from the western part of the state, and are one of the handsomest teams ever seen in the city.

They will be kept here until the new department is ready to receive them, and their training will be commenced at the central station.

The Gamewell system will be used in the new station, and hereafter when there is a fire in the East End the gong in the city will sound the alarm and the central department will answer the call. The East End department will be required to answer all fire calls along the river potteries, and will no doubt be of great assistance to the central department.

When asked who would be placed in charge of the department Mr. Cain, of the fire committee, said: "It is too early to make any statement, but the man selected will be satisfactory to the residents of the East End, and will be a good police officer as well as a good fireman."

IT WILL TAKE A MONTH

To Inspect the Factories of the City.

MR. HULL TO BEGIN NEXT WEEK

He Will Also Look After the Schools and Other Public Buildings—The Enforcement of the New Child Labor Law to Be a Part of His Work.

R. M. Hull, inspector of workshops and factories for the Sixth district of Ohio, was here last night and this morning arranging for a stay of a month in the city when he will make his regular inspection.

Mr. Hull said there was nothing significant about his visit and it will be nothing more than the department, of which J. W. Knaub is chief, expects. He will carefully go over all the factories in town, and will see that the laws are complied with in every particular. Then he will turn his attention to school houses and other public buildings, making such recommendations as he may think necessary for the safety of their occupants.

Another matter in connection with Inspector Hull's visit will be a close inquiry into the manner in which the new child labor law is enforced. The law prohibits the employment of boys under 15 years of age during school terms and girls under 16 years of age. Mr. Hull will investigate all cases of this kind coming under his notice, and act accordingly. Nothing will be done in any instance until the facts are all known. It will be remembered that the law was passed by the last general assembly, and word has been sent out from Columbus that it must be enforced.

IN THE RIGHT WAY.

The Potting Industry Seems to Be Going.

A trade paper finds that improvements are being made in the potteries, and in commenting says:

"This is at it should be, and it seems that at last the American potting industry is making rapid and permanent progress to supply an ever increasing portion of the ware formerly imported. In dinner ware, in jugs, jardinières, bowls, novelties, vases and an endless variety of specialties, as well as in all lines of toilet ware, the American product is in every way equal to the imported goods, and there is no longer any excuse whatever for Americans to purchase foreign goods in these lines, and it is one of the most hopeful signs of the times to note with what taste, intelligence and liberality American potters are improving their ware, in shape, decoration, body and glaze, and laying the foundation for the industrial independence of the United States."

Where Can I Get the best Suit For the Least Money?

The little word BEST means a great deal more than the word itself implies. It means
First, quality of wool;
Second, quality of dye;
Third, workmanship;
Fourth, style and finish;
Last, but not least, fit.
When you get all this you come very near getting THE BEST SUIT.
Now the question is

Where can You Get this Suit for The Least MONEY?

WE ARE TRYING

to give you a plain business talk today. We will only give you a plain proposition and that any child should understand.

We will ask you a question and bring it right home to you. Suppose for instance that one of our home potteries should commence to start retail stores all over the country as we are doing, instead of selling to jobbers and dealers. Don't you think they could afford to sell cheaper than the dealers? We will say for instance that they sold the ware direct from the manufacturer to the consumer, wouldn't the consumer save the middleman's profit? When we sell you a Suit or Overcoat we sell it to you that way. There is no middleman to come in and share the profit. You buy direct from manufacturer and therefore you save the profit. We need hardly tell you that in quality style finish, workmanship and fit, we are away in the lead. We will not say we are selling you goods below cost as others may do, because any sensible man, woman or child knows it is not true when they say so. What we do say is that we are

In a Position

to save you the go-between profit. Are you ready and willing to take advantage of it?
We ask you to

COME and SEE US.

Seeing us will convince you; we are always glad to show our goods any day except Saturday, as we are too busy on this day to give you the proper attention we would like.

LOCAL BREVITIES.

A very pleasant dance was given last evening by the Junior Mechanics at their hall in the Wells block.

John D. Irwin, of Steubenville, who has been spending several days in the city on business, has returned to his home.

Walter Dawson, an employe of the Patterson company, is very ill at his home. He will be unable to work for several weeks.

The remains of the infant child of Mr. and Mrs. James Whitney, of East End, were taken to Sistersville for interment this morning.

The printers at the East Liverpool pottery are loafing today, owing to a scarcity of ware. The repairs at the factory are almost complete.

The funeral of Mrs. Thomas Ford took place this morning from St. Aloysius church and was largely attended. Interment was made at the Catholic cemetery.

It has been rumored for several days that a valuable piece of property in Seventh street had been sold, but it was learned this morning there was no truth in the story.

Mrs. Hugh Maley, of East Market street, who has been suffering from the effects of a tumor, is not improving. Her condition is such that her recovery is considered doubtful.

All the trains were late in arriving at the station this morning. The delays were caused by freight traffic. The train due to leave here at 8:20 arrived at 8:40 and left at 8:50 o'clock. The delay at this place was caused by heavy express business. The road is breaking even its good record as a carrier.

The crews of the passenger trains on the Cleveland and Pittsburgh road were today arrayed in their heavy uniforms. The light caps which they wore during the summer have also been laid aside, and the heavy cloth ones are now being used. The change was made as a result of orders issued by the company Wednesday.

Mayor Bough Gathered In
Many Dollars.

MRS. STEIN PAID HEAVILY

For Selling to Minors--She Pleaded
Guilty to the Four Charges on the

the Amount.

Mrs. Catherine Stein, who keeps a saloon in Walnut street, was arrested yesterday afternoon by Officer White on a charge of selling liquor to minors on or about Sept. 10. The boys range in age from 15 to 18 years, and all appeared at city hall and assisted the police in the case. When the woman was taken to city hall yesterday there were four charges of like character against her. They were read to her and she pleaded guilty.
